#### **Purpose of the Report**

The purpose of this report is for Council to consider selling Lots 58 & 59 Jasper Street to Dan & Jude McAuliffe.

#### **Background**

Council have been selling land via a Conditional Land Release arrangement to help promote population growth and development within the townsite.

Council has received an application from a Dan & Jude McAuliffe who wishes to purchase lots 58 & 59 Jasper Street Westonia with the intention to construct a 4-x bedroom residence and a 4 bay car garage. Both lots would be required to accommodate the proposed development.

The long-time residence located to the South of these lots is also a double block.

Below is a map illustrating the lot in question.

#### Comment

These lots have been on the market for many years and is located in the lesser desirable area of the town due to the older residences and Council light industrial use within its vicinity. It is my recommendation to allow the sale of the two lots as the proposed development will a desirable development for the area.

Legislative Requirement

The purpose of this report is for Council to consider WALGA's advocacy position on numerous Electoral Reform matters.

#### **Background**

WALGA recently undertook a comprehensive review and analysis of 5 ordinary election cycles up to and including the 2023 Local Government election against the backdrop of legislative reforms to the Local Government electoral process. The review and report focused on postal elections conducted exclusively by the Western Australian Electoral Commission (WAEC), with the analysis finding evidence of the rising cost of conducting Local Government elections in Western Australia.

The report was presented to State Council 4 September 2024, with State Council supporting a review of WALGA's Local Government Elections Advocacy Positions.

Since 2008, WALGA has surveyed the sector on five occasions and at all times the sector has supported the following:

- first-past-the-post method of counting votes,
- voting at Local Government elections to be voluntary, and
- four-year terms with a two-year spill.

The *Local Government Amendment Act 2023* introduced a range of electoral reforms that came into effect prior to the 2023 Local Government ordinary elections:

- the introduction of Optional Preferential Voting (OPV);
- extending the election period to account for delays in postal services;
- changes to the publication of information about candidates;
- backfilling provisions for extraordinary vacancies after the 2023 election;
- public election of the Mayor or President for larger Local Governments;
- abolishing wards for smaller Local Governments; and
- aligning the size of councils with the size of populations of each Local Government (change to representation)

Following requests from several Zone's, WALGA undertook a comprehensive review and analysis of 5 ordinary election cycles up to and including the 2023 Local Government election against the backdrop of these legislative reforms. The review and report focused on postal elections conducted exclusively by the Western Australian Electoral Commission (WAEC), with the analysis finding evidence of the rising cost and a reduction in service of conducting Local Government elections in Western Australia.

All Local Governments are now being asked to provide a Council decision on WALGAs advocacy positions as they relate to Local Government Elections, to see if the positions are still current.

**20**<sup>th</sup> **September 2024** Page | 25

Council decisions are requested by <u>Monday 28 October 2024</u> to inform an item for the December meeting of State Council. Local Governments will also be able to provide feedback through the November round of Zone meetings.

#### Comment

The Warralakin to Westonia Challenge held in August 23 was a hugely successful event for the Council and the community. The initial idea was from Bob Hood-Penn who wanted to recognise the 40<sup>th</sup> anniversary of the initial event whilst involving Men's Health.

The event was very ably coordinated by Stacey Geier and her Community Development team and involved many volunteers who did an excellent job for the event.

Unfortunately, the occasion is one day prior to Westonia's next major community event being the Westonia Community Markets so the Community development team will not be able to attend.

It is suggested though that both Bob & Joyce Hood-Penn and Colin & Coralie Lindley be nominated to attend.

Is there any Councillors interested in attending the event.

Executive Decision

Legislative Requirement

The purpose of this report is for Council to consider the planning application for an extension to an existing oversized shed proposed for property located at 26 Scheelite Street Westonia.

#### **Background**

Ross DellaBosca owns and resides at the property regarded as 26 Scheelite Street Westonia and wishes to add an additional shed space to the existing shed so that he may have additional undercover storage space for a caravan.

The proposed addition will be 12.1m long x 4.0m wide (48.4m²) and will be added to the existing 108m2 shed. as illustrated.

The structure will be added to the existing Shed located on the northeast corner of the lot.

#### Comment

The Shire of Westonia does not have a town planning scheme, therefore there are no specific zonings or density ratings for lots deemed to be "Residential".

Under the Residential Design Codes of Western Australia 2002 (R Codes) the standard size a shed or garage on land zoned "Residential" is 60m². Based on standard sizes for sheds, sizes up to 64m² are deemed to comply with the R Codes. In this instance a shed of 156.4m² is significantly larger and requires Council approval.

Council has previously granted approval for over-sized sheds or garages to several properties within the townsite with a general ruling that 90m² is the maximum shed size allowed on 1000m² blocks and 110m² on a double block. This application is currently a double block, and with all improvements completed on the land there is still ample open space. Each application is considered on its own merits.

Planning approval is required prior to any Building approval being sought.

#### **Statutory Environment**

Compliance with the Town Planning & Development Act 1928, and the Residential Design Codes of Western Australia 2002.
