Shire of Westonia

Quotation – Aggregate Cartage

The Shire of Westonia seek quotations from local contractors for the provision of cartage of aggregate for Council's sealing program.

[An estimated 1350 Tonne is required to be carted to various sites central to the Shire from Holcim Quarries located in Martin/Gosnells. Cartage will be required prior to/during harvest.](#)

Quotations close 4pm Thursday 1st October 2020 and will be received via the below mentioned email.

Further enquiries can be made with Bill Price on 0427 467 082 or email,

works@westonia.wa.gov.au.

Lowest or any tender not necessarily accepted.

JAMIE CRIDDLE

Notice of Intention to Lay 1080 Poison in the Westonia Common.

Notice is hereby provided that the Shire of Westonia intends to lay 1080 poison baits in the Westonia Common for the control of foxes.

The baiting programme is due to commence after Monday, 28 September 2020 and be completed by Saturday, 14 November 2020.

Please be advised that 1080 is highly toxic. The consumption of an animal that has ingested a lethal or sub-lethal dose of 1080 poses a serious risk of secondary poisoning to humans and other species. Taking of carcasses, removal of hides, and shooting or trapping animals (for human or animal consumption) is prohibited during the baiting period and for at least 14 days after the completion of the baiting program.

Please ensure children and other persons in your care are restricted from entering the site of baiting. Please restrain your pets, working dogs and stock to avoid the possibility of poisoning through direct baiting or through eating 1080 poisoned animals.

If you would like further information about this proposed baiting programme please contact the Shire of Westonia through the details below.

Alternatively, you can speak to a Biosecurity Officer at the Department of Agriculture and Food, Western Australia (DAFWA). More information about the use of 1080 is available from DAFWA's website: www.agric.wa.gov.au.
